In TWO Sections

Section TWO

## INDEX TO VOLUME 33

January Through June 1957

As you know, items in *QUOTE*, arranged alphabetically according to subject matter, are regularly assigned an index number. In our semi-annual index, the first numeral in each reference indicates the issue of *QUOTE*, the second numeral refers to the location of the item within that particular issue, according to its index number. Thus, in the first column of this index, "Achievement—13-1;" tells you that an item on Achievement will be found in the thirteenth issue of *QUOTE* under index number 1.

One or more letters, following an issue number, refers to material in regular departments. For example: "Aviation—17-SB;" indicates that an item on Aviation appears in *Scrap Book* in issue number 17. The reference to "Conference—19-WA;" means that an item on that subject appears in the *Washington* column in issue 19. The reference to "Age, Old—1-p;" means that an item on that subject will be found in the regular *Good Stories* section of issue 1 under index letter p.

Quotations in the section *May We Quote You On That?* are also numbered consecutively. In the index, a reference such as "Agriculture — 19-4Q;" refers to a quotation on that subject in the 19th issue, numbered four in the *May We Quote . . .* section. When the letter t follows the Q, as in the reference "Dancing—10-2Q-t;" it indicates the special *Quote-ette* feature in issue 10. A complete list of department abbreviations appears below:
